

Greece Movie Poster Mini-Poster

Directions: You are going to create a movie poster for a fictional movie on Ancient Greece. Most movie posters try to capture the feeling of the movie through an artistic display of the main themes, characters, or locations. Using the movie posters displayed around the room as inspiration, you will create a movie poster about of Ancient Greece. You can simply use what we have covered or you can look ahead in your text and add information we haven't covered yet.

Your poster should include the following (checklist):

1. _____ Title- Be creative!
2. _____ Tagline (ex. Gladiator: A Hero Will Rise)
3. _____ Name of one famous actor *and* actress who will star in your movie
4. _____ 5 Illustrations of stories, people, places, or events that we have learned about in Ancient Greece which will add to your audience's desire to see your movie. Your illustrations can have captions if you feel they need explaining.
5. _____ Directed by _____ (your name here)
6. _____ Use of color is required

Create your poster on the back of this page.

We will hold a contest in each class for who creates the best mini-poster. The winners will receive extra credit and will have their poster laminated and displayed in the room.
